

Florida 2+2 VSU

Transfer your Associate of Arts from the Florida College System to VSU

What is the Florida 2+2 VSU Program?

The Florida 2+2 VSU agreement allows graduates from an articulated Florida College with an Associate of Arts (AA) guaranteed admission into Valdosta State University provided that the student has a GPA of 2.0 out of a 4.0 scale for all college course work attempted.

Graduates will receive up to 60 transferable credit hours of coursework to utilize towards their degree program.

Benefits of the Florida 2+2 VSU

- No credit loss
- In-state tuition
- Historic campus
- Several housing options
- Modern facilities
- Online programs available

You do not have to complete an Associates Degree to transfer University System of Florida credit to VSU. Completing the Associate's degree allows you to utilize the credit maximization feature of the 2+2 Program. Even if you have not completed your AA, most credits will still transfer to VSU.
